Re: Amended 12 Day Pre-Primary Report (7/1/2014 - 8/20/2014) Received 12/04/2014

This letter responds to your request for additional information, dated January 25, 2015, regarding an increase in receipts totaling \$216,966 from the amounts disclosed on the PAC's original 2014 Pre-Primary Report. The amended report filed on 12/04/2014 corrected data received due to incorrect information received from Mayday PACs online-contribution processor. Once the inaccuracy of the data was noted, the PAC proactively filed an amendment to correct the originally filed Pre-Primary Report. Because this correction caused some contributions to shift from the October Report's covered time period over to the Pre-Primary Report, it caused a difference in the receipt total listed on the original Pre-Primary Report as compared to the amended Pre-Primary Report.

Respectfully submitted,
Mark McKinnon
Treasurer
Mayday PAC
